

First announcement

Pre-conference course:  
**Quality assurance procedures for PET/CT and  
SPECT/CT**

Malmö University Hospital, Sweden  
June 24, 2009

The course is intended for medical physicists, biomedical engineers, physicians, technologists, hospital executives, QA experts and regulators concerned with the application of QA/QC programmes in radiology and nuclear medicine. Professionals in these areas will have the possibility to update their knowledge and share experiences of QA programmes.

Program:

1. Current recommendations from international organisations
2. Demonstration of phantoms and measurement instruments
3. Clinical experiences

Course venue: Malmö University Hospital. Course hours: 09.00 – 17.00. Course language: English. Course fee: € 280.

The fee includes lunch, coffee/tea and get-together in the evening of June 24. A small exhibition of QC equipment offered by suppliers is planned.

For registration and information on payment procedure: See [www.med.lu.se/msf](http://www.med.lu.se/msf) (click "Course"). Latest date for registration and payment: 1 May, 2009.
